DEDICATION

MR. MILON J. HERRICK

We, the class of 1963, dedicate this yearbook to you, Mr. Herrick, for you have dedicated yourself to us. You have given your time, your understanding, your encouragement, your friendship—in short, you have given a part of yourself.

A teacher's dedication

His shy smile

We are taking with us the memories of the years made happier by your untiring efforts and your affable nature; we are leaving this dedication and our hearts to you, Mr Herrick—a true friend.

Foreword

High school years are a time of wonderful change as the discipline of learning serves to transform each individual.

Looking backward over the short space of three years, we, as seniors, can recall with embarrassment how we acted, appeared, and thought as sophomores. We can recall with pride how we assumed as juniors our new-found poise and our sense of belonging; but only as seniors, in one year of fulfillment, can we realize how much has transpired in these three short years to prepare us for the future. Obviously, something has been going on here — something which relates to our growing up. Under the Dome, many senior classes have known this change we now experience. It is merely a measure of proof that the educational process has been at work.

But it is not only the things that happen, the events that occur, that are responsible for this change. The people we meet also help to make life what it is — the personalities that touch us, shaping and forming the clay of character and turning out new and complete individuals.

While this process has been at work, we have gained many memories. Turn the leaves of the Dome of 1963 and meet us — watch us in our process of change.

ALMA MATER

Words by Esther Kierstead '38 and Friend Kierstead '39
Tune: "All Through the Night"

Guardian elm trees cast their shadows
O'er thy ivied walls;
Sons and daughters ever loyal
Throng thy honored halls.
Pittsfield High School, Pittsfield High School
Alma Mater dear,
Help us to preserve thy honor
Through each coming year.

Great has been thy former record,
Greater will it be
As the future generations
Sing their praise to thee.
Proud are we who through thy portals
Into life do pass;
Help us ever to be worthy,
Each and every class.

History

We started a new chapter in our lives when we entered PHS as sophomores . . .

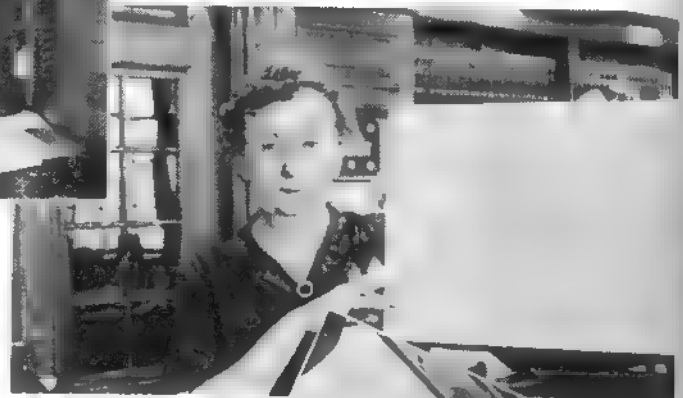

Seniors, always ready to *help*, directed us innocent sophomores to unusual places — for example, fourth-floor cafeteria .

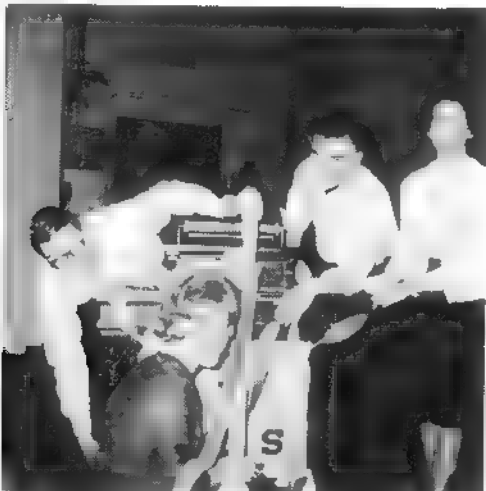

Lockers just didn't seem big enough to hold all those boxes and still be neat . .

That undefinable feeling of strangeness and bigness that we were to overcome . . .

Mrs. Farrell oriented us sophomores to the *research* possibilities of the library

Sophomores *were* allowed to decorate for rallies and did — sometimes .

Midyears were a new experience — whether good or bad is still questionable

g of strangeness
to overcome . . .

Posing in front of another dome is the Pittsfield High Band. Could that be *you* when you were a sophomore? . . .

Our very own champion, Collin Garstang, proved that we were a great class even as sophomores . . .

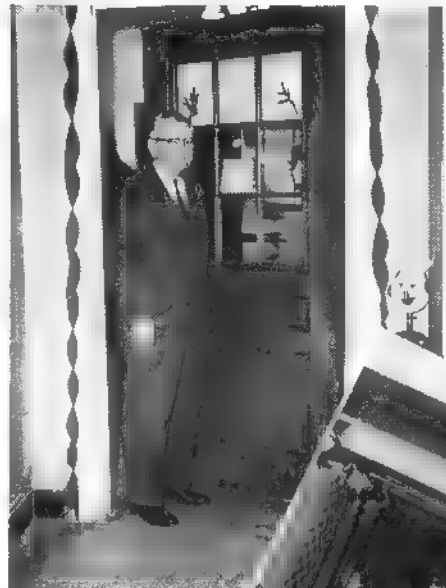

Bare-footed but proud, Rosemary and Artie in *Annie Get Your Gun*

From the expression on Mr. Hennessy's face, Santa must have promised him a Merry Christmas . . .

In addition to his duties as algebra teacher, Mr. Herrick became our class advisor

Pittsfield *always* has school . . .

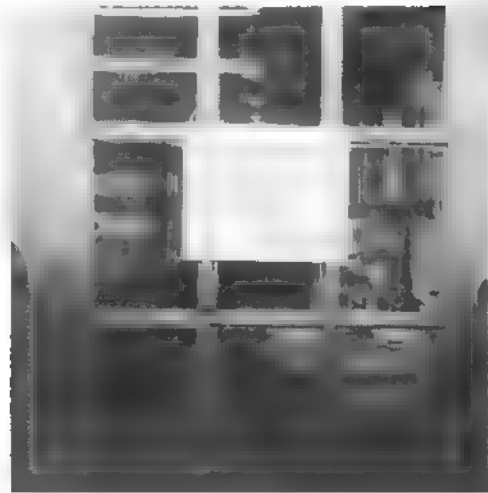

After Christmas vacation, our familiar cry was, "Meet you at the polls!" . . .

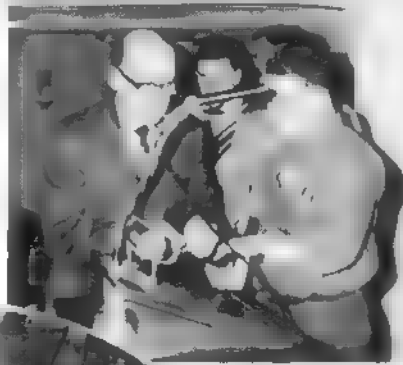

years were a
experience —
ther good or bad
ill questionable

Our own P.H.S. Rockettes stepped into the spotlight at the Gym Exhibition .

One of the few times we've seen Tom serious was when he ordered his class ring

As the year wore on, we grew to detest this sign A few of the reasons were departmentals, PSAT, National Merit, and College Board

Sabin vaccine, anyone? . . . It's on the house

Roberta's outstanding performance as Nellie in *South Pacific* will long be remembered

After months of planning and working, *The World By Night* turned out to be everything we had hoped for, and more . .

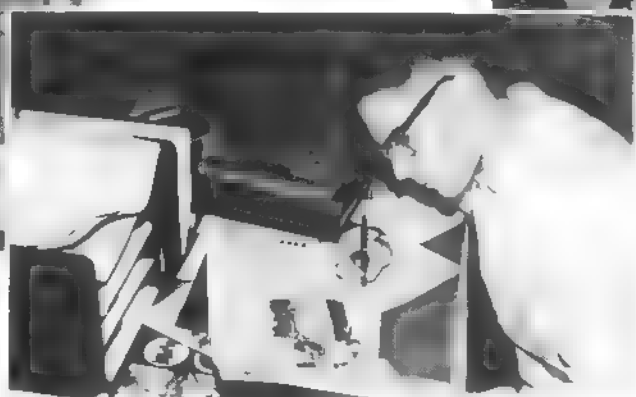

On Class Day, 1962, Pete lit the candle that officially made us seniors .

Conditions are a bit crowded at P.H.S. this year

Senior elections bring out the best in artistic abilities.

College applications command a somewhat more sober attitude than other senior activities.

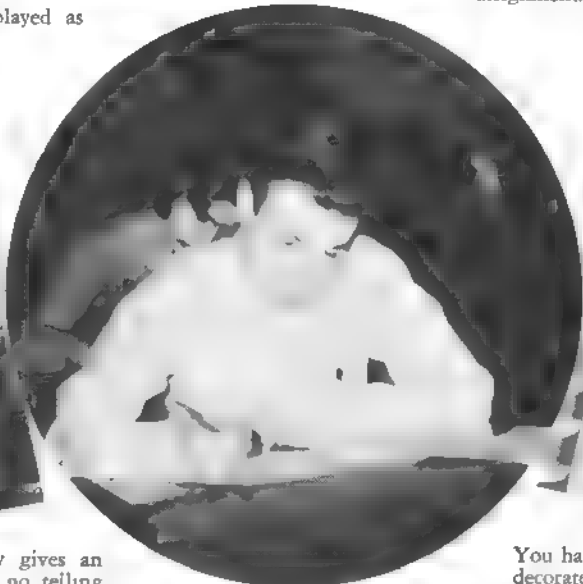

Knees and tonsils are prominently displayed as P.H.S. makes another basket

Destroying our best excuse "I didn't hear the assignment."

When Mr Brophy gives an assignment, there's no telling who will be found in the library.

"And I thought I was going to get 800!"

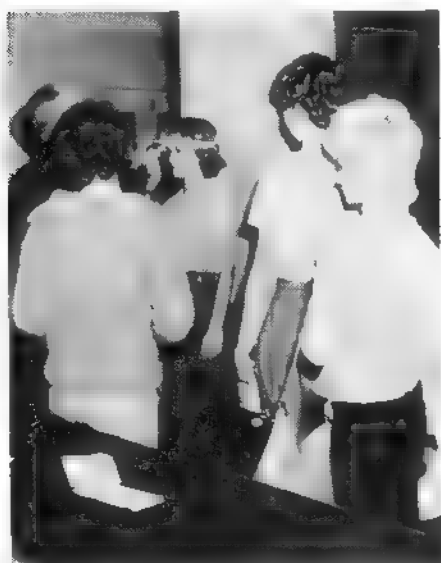

You haven't lived until you've decorated (but you might not survive the experience).

An unaccustomed air of solemnity emphasizes the more serious aspects of the holiday.

Our cheerful Yearbook ad men are always on the job.

"But don't I get to try it on?"

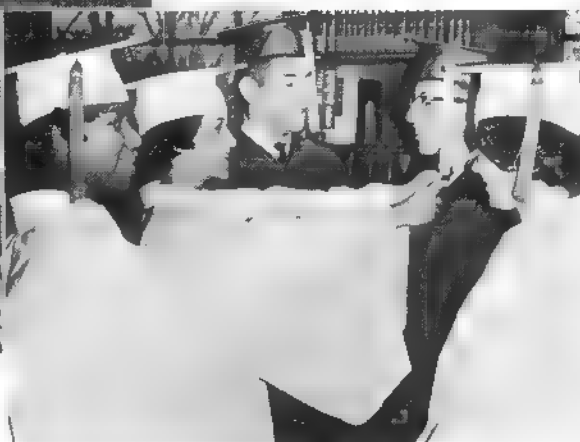

Everyone is busy the night before Maplewoods are due.

"How long ago did the bell ring?"

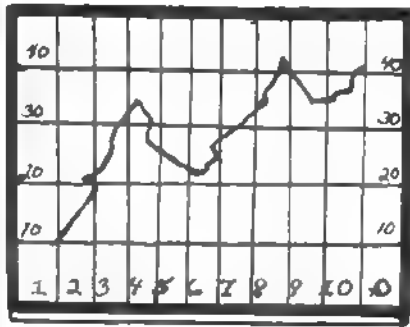

"I'm the fastest gun in the West."

The presidency has its hazards: someone is always at your throat

One chapter has closed behind us but a new one lies ahead

A TELEPHONE JOB

OFFERS BOTH CAREER

AND SOCIAL SATISFACTION

WITHOUT BREAKING STRIDE,

why not graduate from high school to the Telephone Company? You'll love the friendly young people who'll work with you, and the many social activities that make your work so pleasant and rewarding.

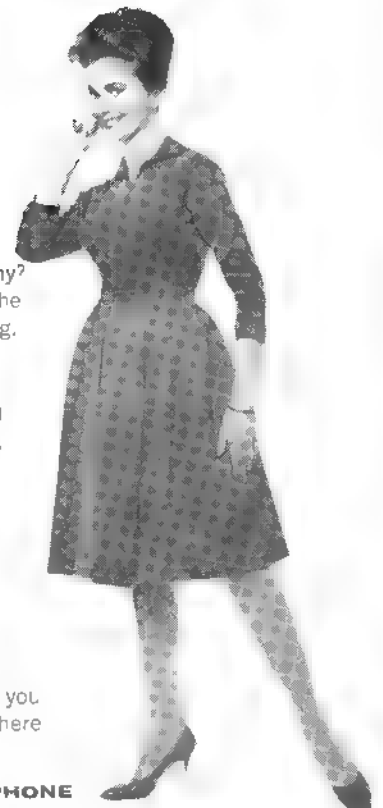

OPPORTUNITY IS EXCELLENT

and your ability will be recognized. Your starting salary should climb with regular increases. And, of course, Company benefits, security, and regular advancement are well-known reasons why working for the Telephone Company is so attractive to graduates.

TELEPHONE JOBS ARE IMPORTANT,

vital to the effective communications of the community, the nation, and the world. When you take your place as a respected member of the telephone community, we'll train you, on full salary, even without previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.

NEW ENGLAND  TELEPHONE

A black and white photograph of a woman with dark hair, wearing a light-colored blouse, sitting at a desk and writing a letter. She is looking down at her pen with a focused expression. The desk is cluttered with papers, a pen, and other writing tools. The background is slightly blurred, emphasizing the woman and her work.

LETTERS MAKE YOUR WORLD GO ROUND

You like to get letters. Everyone does. And familiar handwriting on the envelope makes you eager to open it. You want to know how Jane is enjoying her trip to the Coast, that was her graduation present. Or how George is doing in his new job.

Letters make your world go round and round. The more letters you write, the more you will get. So it is good to keep your hand in practice.

Good paper makes this practice a pleasure. Its fine texture invites pen or typewriter. Words flow with the ease of conversation. And its handsome appearance reflects your good taste.

In Crane's Fine Papers this pleasure and good taste are happily combined.

WHO CARES IF YOU GRADUATE?

YOU DO, OF COURSE. Your parents, too, and your friends. Your teachers who have dedicated themselves to working with you and your classmates. To that list we'd like to suggest you add the name of General Electric.

For at General Electric we know well that our future is linked to yours and to that of your fellow graduates throughout the United States. A successful business needs more and more skills, better and better educated employees. So we care, too!

We care enough to try to help in the staggering task of educating today's young people. To that end General Electric matches the gifts of its employees to their colleges and universities, it sponsors summer study for high school teachers, it provides undergraduate and graduate grants and fellowships, it helps schools and colleges obtain laboratory equipment, it provides teaching aids for high school classrooms, it supports projects in educational television.

These are a few of the things we take pride in doing — not as philanthropy — but as an investment in you and thousands like you who are our partners in progress

Progress Is Our Most Important Product
